## Science Communication Workshop

South African Agency for Science and Technology (SAASTA), in collaboration with the Faculty of Science will be hosting a Science Communication workshop for all Science Undergrad & Post Grad students.

The following topics will be covered:

- What is Science Communication and why is it important
- Understanding Audiences
- Message design
- Public Speaking

The science communication workshop was designed to introduce Science Graduates to science communication roles and the roles and responsibilities a scientist may have to communicate and to practice the skill of communicating to different audiences through different platforms.

**25 July 12:00**  
**South Campus**  
**Building 127, Ground Floor, Room 17**
